2024 SAUVIGNON BLANC | SUISUN VALLEY,  
LAKE COUNTY AND NAPA VALLEY

**Nose:** Sleek and crisp, featuring the fresh scent of wet pavement after rain. Citrus notes include a tinge of lime.

**Palate:** Lean and refreshing on entry, with a brightness that expands. A fresh finish features citrus, a hint of lemongrass and vibrant acidity.

**Differentiator:** This wine is not overly ripe – while also not herbaceous – featuring a vibrant acidity with low alcohol.

**Vineyards:** Sourced from three California regions where Sauvignon Blanc thrives – Suisun Valley (Solano County), Lake County and Napa Valley. More than half our grapes come from Suisun, an agricultural gem just a short drive from Napa.

**Farming notes:** Vineyard techniques ensure optimal sunlight to eliminate any herbaceous character while achieving perfect ripeness.

**Suggested food pairings from winemaker Jenny Wagner:** Salads, grilled fish or a family favorite – pea soup. Or sipped on its own.

*“I’m going after a subtle wine that is more minerality-driven than fruit driven. In my view, with Sauvignon Blanc, less is more.”*  
- Jenny Wagner, owner and winemaker
